1.2 Interpretation

- (1) For the purposes of calculating a percentage of securities that are owned, held or under the

direction of a person or company in the definition of "influential securityholder"

- (a) the determination shall be made
 - (i) first, by including in the calculation only voting securities or equity securities that are outstanding, and
 - (ii) second, if the person or company is not an influential securityholder by reason of a calculation under subparagraph (i), by including all voting securities or equity securities that would be outstanding if all outstanding securities that are convertible or exchangeable into voting securities or equity securities, and all outstanding rights to acquire securities that are convertible into, exchangeable for, or carry the right to acquire, voting securities or equity securities, are considered to have been converted, exchanged or exercised, as the case may be, and
- (b) securities held by a registrant in its capacity as an underwriter in the course of a distribution are considered not to be securities that the registrant holds, has the power to direct the voting of, or has direct or indirect beneficial ownership of.
- (2) A person or company is a "related issuer" of another person or company if
 - (a) the person or company is an influential securityholder of the other person or company,
 - (b) the other person or company is an influential securityholder of the person or company, or
 - (c) each of them is a related issuer of the same third person or company.
- (3) Calculations of time required to be made in this Instrument in relation to a "distribution" shall be made in relation to the date on which the underwriting or agency agreement for the distribution is signed.

1.3 Application of Instrument - This Instrument does not apply to a distribution of

- (a) securities described in the provisions of securities legislation listed in Appendix A; or
- (b) mutual fund securities.

PART 2 RESTRICTIONS ON UNDERWRITING

2.1 Restrictions on Underwriting

- (1) No registrant shall act as an underwriter in a distribution of securities in which it is the issuer or selling securityholder, or as a direct underwriter in a distribution of securities of or by a connected issuer or a related issuer of the registrant, unless the distribution is made under a prospectus or another document that, in either case, contains the information specified in Appendix C.
- (2) For a distribution of special warrants or a distribution made under a prospectus no registrant shall act
 - (a) as an underwriter if the registrant is the issuer or selling securityholder in the distribution; or
 - (b) as a direct underwriter if a related issuer of the registrant is the issuer or selling securityholder in the distribution.
- (3) Subsection (2) does not apply to a distribution
 - (a) in which
 - (i) at least one registrant acting as direct underwriter acts as principal, so long as an independent underwriter underwrites not less than the lesser of

- (A) 20 percent of the dollar value of the distribution, and
 - (B) the largest portion of the distribution underwritten by a registrant that is not an independent underwriter, or
- (ii) each registrant acting as direct underwriter acts as agent and is not obligated to act as principal, so long as an independent underwriter receives a portion of the total agents' fees equal to an amount not less than the lesser of
 - (A) 20 percent of the total agents' fees for the distribution, and
 - (B) the largest portion of the agents' fees paid or payable to a registrant that is not an independent underwriter; and
- (b) the identity of the independent underwriter and disclosure of the role of the independent underwriter in the structuring and pricing of the distribution and in the due diligence activities performed by the underwriters for the distribution is contained in
 - (i) a document relating to the special warrants that is delivered to the purchaser of the special warrants before that purchaser enters into a binding agreement of purchase and sale for the special warrants, for a distribution of special warrants, or
 - (ii) the prospectus, for a distribution made under a prospectus.

2.2 Calculation Rules - The following rules shall be followed in calculating the size of a distribution and the amount of independent underwriter involvement required for purposes of subsection 2.1(3):

- (a) For a distribution that is made entirely in Canada, the calculation shall be based on the aggregate dollar value of securities distributed in Canada or the aggregate agents' fees relating to the distribution in Canada, and the aggregate dollar value of the distribution underwritten, or aggregate dollar value of agents' fees received, by the independent underwriter in Canada.
- (b) For a distribution that is made partly in Canada of securities of an issuer that is not a foreign issuer, the calculation shall be based on the aggregate dollar value of securities distributed in Canada and outside of Canada or the aggregate agents' fees relating to the distribution in Canada and outside of Canada, and the aggregate dollar value of the distribution underwritten, or aggregate dollar value of agents' fees received, by the independent underwriter in Canada and outside of Canada.
- (c) For a distribution that is made partly in Canada by a foreign issuer and that is not exempt from the requirements of subsection 2.1(2) by subsection 2.1(3) or by section 3.2, the calculation shall be based on the dollar value of securities distributed in Canada or the agents' fees relating to the distribution paid or payable in Canada, and the dollar value of the distribution underwritten, or aggregate dollar value of agents' fees received, by the independent underwriter in Canada.

PART 3 NON-DISCRETIONARY EXEMPTIONS

3.1 Exemption from Disclosure Requirement - Subsection 2.1(1) does not apply to a distribution that

- (a) is made under a document other than a prospectus if each of the purchasers of the securities
 - (i) is a related issuer of the registrant,
 - (ii) purchases as principal, and
 - (iii) does not purchase as underwriter; or
- (b) is made under a provision of securities legislation listed in Appendix B.

3.2 Exemption from Independent Underwriter Requirement - Subsection 2.1(2) does not apply to a distribution of securities of a foreign issuer if more than 85 percent of the aggregate dollar value of the distribution is made outside of Canada or if more than 85 percent of the agents' fees relating to the

distribution are paid or payable outside of Canada.

PART 4 VALUATION REQUIREMENT

4.1 Valuation Requirement - A purchaser of securities offered in a distribution for which information is required to be given under subsection 2.1(1) shall be given a document that contains a summary of a valuation of the issuer by a member of the Canadian Institute of Chartered Business Valuators, a chartered accountant or by a registered dealer of which the issuer is not a related issuer, and that specifies a reasonable time and place at which the valuation may be inspected during the distribution, if

- (a) the issuer in the distribution
 - (i) is not a reporting issuer,
 - (ii) is a registered dealer, or an issuer all or substantially all of whose assets are securities of a registered dealer,
 - (iii) is issuing voting securities or equity securities, and
 - (iv) is effecting the distribution other than under a prospectus; and
- (b) there is no independent underwriter that satisfies subsection 2.1(3).

- (1) The regulator or securities regulatory authority may grant an exemption from this Instrument, in whole or in part, subject to such conditions or restrictions as may be imposed in the exemption.
- (2) Despite subsection (1), in Ontario only the regulator may grant such an exemption.

5.2 Evidence of Exemption - Without limiting the manner in which an exemption under section 5.1 may be evidenced, the issuance by the regulator of a receipt for a prospectus or an amendment to a prospectus is evidence of the granting of the exemption if

- (a) the person or company that sought the exemption has delivered to the regulator, on or before the date that the preliminary prospectus or an amendment to the preliminary prospectus was filed, a letter or memorandum describing the matters relating to the exemption and indicating why consideration should be given to the granting of the exemption; and

**COMPANION POLICY 33-105CP
TO NATIONAL INSTRUMENT 33-105
UNDERWRITING CONFLICTS**

PART 1 INTRODUCTION

1.1 Purpose - The purpose of this Policy is to state the views of the Canadian Securities Administrators (the "CSA") on various matters relating to National Instrument 33-105 Underwriting Conflicts (the "Instrument"), and to provide market participants with guidance in understanding the operation of the Instrument and the policy concerns that lie behind some of the provisions of the Instrument. This Policy includes, as Appendix A, a series of flow charts designed to illustrate the analysis required to be made in determining whether a party falls under certain of the defined terms of the Instrument and whether the requirements of the Instrument apply to a given distribution. The flow charts are for illustrative purposes only and, in all cases, reference should be made to the precise language of the Instrument.

1.2 General Policy Rationale for the Instrument

- (1) Two of the basic objectives of securities legislation are to ensure that investors purchasing securities in the course of a distribution purchase those securities at a price determined through a process unaffected by conflicts of interest, and receive full, true and plain disclosure of all material facts regarding the issuer and the securities offered. The Instrument is based upon the premise

that those objectives are best achieved if the issuer and the underwriters deal with each other as independent parties, free of any relationship that might negatively affect the performance of their respective roles.

- (2) The Instrument seeks to protect the integrity of the underwriting process in circumstances in which there is a direct or indirect relationship between the issuer or selling securityholder and the underwriter that might give rise to a perception that they are not independent of each other in connection with a distribution. The Instrument imposes two basic requirements in those circumstances. First, full disclosure of the relationships giving rise to the potential conflict of interest is required to be given to investors, and second, an independent underwriter is required in certain circumstances to participate in the transaction.

PART 2 GENERAL STRUCTURE OF THE INSTRUMENT

2.1 Relationships of Concern

- (1) The Instrument identifies three types of relationships between a registrant acting as underwriter on a distribution and the issuer or selling securityholder of securities in the distribution that give rise to concerns over conflicts of interest; each of these relationships may be subject to the requirements of the Instrument.
 - (a) The registrant as issuer or selling securityholder. This relationship represents the relationship with the highest degree of conflict of the three recognized by the Instrument.
 - (b) An issuer or selling securityholder that is a "related issuer" of the registrant. This relationship is created primarily as the result of cross-ownership between an issuer or selling securityholder and the registrant. Subsection 1.2(2) of the Instrument provides that an entity is a related issuer to another entity if one of them is an "influential securityholder" of the other, or each of them is a related issuer of the same third party.
 - (c) An issuer or selling securityholder that is not a related issuer of the registrant, but that has some other relationship with the registrant that would cause a reasonable prospective purchaser of the securities being offered to question if the registrant and the issuer or selling securityholder are independent of each other for the distribution. This type of issuer is a "connected issuer" of the relevant registrant.
- (2) The Instrument recognizes the relative degrees of relationships and the resulting potential for conflict by imposing additional requirements for distributions by registrants and their related issuers than for distributions by connected issuers.
- (3) The term "independent underwriter" is defined in the Instrument to mean a registrant acting as direct underwriter in a distribution if the registrant does not have one of the relationships with the issuer or selling securityholder described in this section. The term "non-independent underwriter" is used in this Policy to describe a registrant acting as direct underwriter that does have one of those relationships.

- 2.2 **General Requirements of the Instrument** - The general requirements of the Instrument, contained in section 2.1, provide, in effect, that a registrant that would be a non-independent underwriter on a distribution may not act as a direct underwriter in the distribution, unless certain requirements are satisfied or an exemption is available. The requirements are the disclosure obligation, required by subsection 2.1(1) of the Instrument and discussed in section 2.3 of this Policy, and, in the case of related issuer distributions, the independent underwriter obligation, required by the combination of subsections 2.1(2) and (3) of the Instrument and discussed in section 2.4 of this Policy. An exemption from the independent underwriter obligation is contained in section 3.2 of the Instrument and discussed in Part 3 of this Policy.

2.3 Disclosure Obligation

- (1) The disclosure obligation applicable to a distribution in which a non-independent underwriter participates, contained in subsection 2.1(1) of the Instrument, requires that the distribution be made under a prospectus or other document that contains the information described in Appendix C of the Instrument. This requirement is applicable both to transactions made under a prospectus and to those done by way of a private placement without a prospectus. Appendix C is designed to require full disclosure of the relationship between the underwriter and issuer or selling

securityholder.

- (2) Market participants are reminded that section 10.1 of National Instrument 71-101 The Multijurisdictional Disclosure System exempts distributions under that National Instrument from the disclosure requirements of the Instrument.

2.4 Requirement for Independent Underwriter Involvement

- (1) Subsection 2.1(2) of the Instrument provides that, in the case of a distribution of special warrants or a distribution made under a prospectus, a registrant may not act
 - (a) as an underwriter if the registrant is the issuer or selling securityholder in the distribution; or
 - (b) as a direct underwriter if a related issuer of the registrant is the issuer or selling securityholder in the distribution.
- (2) Subsection 2.1(3) of the Instrument provides that subsection 2.1(2) of the Instrument does not apply to a distribution otherwise caught by that subsection if there is an independent underwriter and if certain disclosure is made in a disclosure document or prospectus. The requirement for independent underwriter involvement is satisfied if at least one independent underwriter participates in the offering to the extent specified in subsection 2.1(3). Subsection 2.1(3) provides alternate threshold criteria for such involvement, depending upon whether the distribution is a "firm commitment" underwriting or a "best efforts agency" offering.

In the case of a firm commitment underwriting, an independent underwriter is required to underwrite not less than the lesser of

- (a) 20 percent of the dollar value of the distribution, and
- (b) the largest portion of the distribution underwritten by a registrant that is not an independent underwriter.

In the case of a best efforts agency offering, an independent underwriter must receive a portion of the total management fees equal to an amount not less than the lesser of

- (a) 20 percent of the total management fees for the distribution, and
- (b) the largest portion of the management fees paid or payable to a registrant that is not an independent underwriter.

- (3) Subsection 2.1(3) of the Instrument requires the relevant disclosure document to disclose what role the independent underwriter played in the structuring, pricing and due diligence activities of the distribution. The Instrument does not specify what functions the independent underwriter must fulfil, because it is recognized that the appropriate role will vary according to the nature of the distribution and the issuer or selling securityholder, and because it is expected that the requirement to disclose the role actually played will impose a measure of market discipline on the process. Subsection 2.1(3) of the Instrument also requires the name of the independent underwriter to be disclosed.
- (4) Section 2.2 of the Instrument sets out the rules for calculating the size of a distribution and the requirements for independent underwriter involvement. These rules deal with issues that may arise when distributions occur in more than one jurisdiction, or only partly in Canada.
- (5) Market participants are directed to National Instrument 44-102 Shelf Distributions for applicable provisions on how the requirements of the Instrument are satisfied for shelf distributions.

PART 3 EXEMPTION FROM INDEPENDENT UNDERWRITER REQUIREMENT

- 3.1 **Exemption from Independent Underwriter Requirement** - Section 3.2 of the Instrument provides an exemption from the independent underwriter requirement for distributions of securities of a foreign issuer if more than 85 percent of the dollar value of the distribution is effected outside of Canada or if more than 85 percent of the management fees relating to the distribution are paid or payable outside of Canada. This

exemption is expected to be primarily used in the context of international offerings of major issuers.

PART 4 COMMENTARY ON RELATIONSHIPS DESCRIBED IN THE INSTRUMENT

4.1 Related Issuers

- (1) Common ownership is the traditional measure of a non-arm's length relationship in which a conflict of interest is seen to arise. The definition of "related issuer", together with the definitions of "influential securityholder" and "professional group", contain the test used in the Instrument for these non-arm's length relationships.
- (2) The Instrument provides that two persons or companies are related issuers of each other if one of them is an influential securityholder of the other, or if each of them are related issuers to a third person or company.
- (3) The term "influential securityholder" is defined to include relationships between an issuer and another person or company or, in some cases, a professional group, that involve specified thresholds of share ownership or rights to elect directors, as summarized in subsection (4).
- (4) Briefly stated, a person or company or professional group ("A") is an influential securityholder of an issuer ("I") under the definition of "influential securityholder" in the following circumstances.
 - (a) A owns or controls 20 percent of the voting or equity securities of I (paragraph (a) of the definition), or controls or is a general partner of the issuer, if the issuer is either a general partnership or a limited partnership.
 - (b) A owns or controls 10 percent of the voting or equity securities of I and either
 - (i) A is entitled to nominate 20 percent of the directors of I or has officers, directors or shareholders that constitute 20 percent of the directors of I; or
 - (ii) I is entitled to nominate 20 percent of the directors of A or has officers, directors or shareholders that constitute 20 percent of the directors of A (paragraph (b) of the definition).
 - (c) I owns or controls 10 percent of the voting or equity securities of A (other than a professional group) and either
 - (i) A is entitled to nominate 20 percent of the directors of I or has officers, directors or shareholders that constitute 20 percent of the directors of I; or
 - (ii) I is entitled to nominate 20 percent of the directors of A or has officers, directors or shareholders that constitute 20 percent of the directors of A (paragraph (c) of the definition).

Paragraph (c) of the definition contains no reference to professional groups in recognition of the fact that it is not possible to hold a voting or equity interest in such an entity nor does such an entity have a board of directors.
 - (d) If a professional group is an influential securityholder of I within paragraphs (a) or (b) of the definition, then the registrant that is part of that professional group will also be an influential securityholder of I (paragraph (d) of the definition).
- (5) It is noted that under subsection 1.2(2) of the Instrument only a person or company can be a related issuer of another person or company; therefore, a professional group cannot be a related issuer of a person or company even if it is an influential securityholder of that person or company. Professional groups have been included in the definition of "influential securityholder" in order to allow paragraph (d) of the definition of "influential securityholder" to operate; this ensures that the registrant that is part of a professional group that is an influential securityholder of a person or company is itself an influential securityholder, and therefore a related issuer, of that person or company.
- (6) The CSA note the following matters relating to the "influential securityholder" tests:

- (a) The definition of "influential securityholder" requires an aggregation of all securities held, directly or indirectly beneficially owned and ones over which the holder has the right to direct the voting.
- (b) Paragraphs 1.2(2)(a) and (b) provide that A is a related issuer of B if A is an influential securityholder of B or if B is an influential securityholder of A. Paragraph 1.2(2)(c) of the Instrument ties together all related issuers by providing that two persons or companies that are related issuers of a third person or company are related issuers of each other. The following examples illustrate the operation of paragraph 1.2(2)(c).
 - (i) If A is an influential securityholder of B, meaning that A is a related issuer of B under paragraph 1.2(2)(a), and B is an influential securityholder of C, meaning that C is a related issuer of B under paragraph 1.2(2)(b), then A is a related issuer of C, since both A and C are related issuers of the same person, B.
 - (ii) If D is an influential securityholder of both E and F, meaning that D is a related issuer of both E and F, then E and F are related issuers of each other.
- (c) There is no provision in the Instrument for "diluting" indirect ownership interests in making calculations. Therefore, if A owns 45 percent of the voting shares of B that in turn owns 22 percent of the voting shares of C, all three of A, B, and C are related issuers of each other.
- (d) The operation of paragraph 1.2(1)(a) of the Instrument requires, in effect, the calculation of a person or company's percentage ownership in another person or company to be done twice; first, only the outstanding voting or equity securities held would be counted, and, second, if the 10 percent or 20 percent ownership level is not reached, the calculation should be repeated on a fully diluted basis, assuming all convertible or exchangeable securities of the relevant class issued and outstanding were converted or exchanged.

4.2 Connected Issuers

- (1) One relationship described in section 2.1 of this Policy as being of concern in connection with conflict matters is that of an issuer that is a connected issuer, but not a related issuer, to a registrant in a distribution. This relationship historically has led to some difficulties of interpretation under analogous provisions of securities legislation. The definition of "connected issuer" in the Instrument provides that the test for whether an issuer/selling securityholder and registrant are "connected" is whether the relationship between the issuer or selling securityholder (or their related issuers) and a registrant (or its related issuers) may lead a reasonable prospective purchaser of the securities to question the independence of such parties for purposes of the distribution.
- (2) The test contained in the definition requires that the question of independence, or lack of independence, of a registrant be determined with reference to the activities of concern in a distribution and from the viewpoint of a reasonable prospective purchaser. The key issues in making that assessment are
 - (a) whether the investor would perceive that the relationship would interfere with the ability or inclination of the registrant to do proper due diligence, or to ensure complete disclosure of all material facts related to the issuer or affect the price placed on the securities being distributed; and
 - (b) whether the investor would perceive that the relationship would make the issuer or selling securityholder more subject to influence in the disclosure, due diligence or pricing process from the underwriter or its related issuer.

In either case, would the result be that some party's interests are perceived to be favoured to the detriment of those of investors?
- (3) As in the case of related issuers, a relationship of concern may arise directly between the issuer or selling securityholder and the registrant or indirectly through one or more related issuers of either the issuer or selling securityholder or the registrant or any of them.

4.3 Issues Relating to "Connected Issuer" Relationships

- (1) The definition of "connected issuer" is designed to catch relationships of concern between the issuer/selling securityholder and the registrant that are not related issuer relationships. For example, if a significant shareholder of the registrant is the chairman of the board of directors of the issuer and another related issuer of the registrant owns a large number of preferred shares that are to be repaid out of the proceeds of a distribution, the issuer may be a connected issuer of the registrant for the purposes of the distribution. In each case, the issuer, registrant and their advisers will have to weigh the totality of the relationships between the issuer and the registrant against whether a prospective purchaser might question the independence of the issuer and dealer to determine if there is a connected issuer relationship.
- (2) The mere existence of a debtor/creditor relationship between the issuer and the registrant, or any of their respective related issuers, does not necessarily give rise to a connected issuer relationship. The test is whether in the circumstances the relationships among the parties might, in the view of a reasonable prospective purchaser, affect their independence from one another. Factors that may be relevant in reaching the conclusion in cases in which the relationship is debtor/creditor may include the size of the debt, the materiality of the amount of the debt to both the creditor and debtor, the terms of the debt, whether the lending arrangement is in good standing, and whether the proceeds of the issue are being used for repayment of the debt.
- (3) Preference shares are not presently treated by Canadian GAAP as liabilities on the balance sheet of issuers, although they may be held by investors as an alternative to making loans or holding securities more conventionally thought of as debt. If there is cross-ownership of a material number of preference shares, there may be a relationship of concern between the issuer or selling securityholder and the registrant. Factors to be considered include the terms of the preference shares (whether the shares are term preferred shares, redeemable at the option of the holder, or represent relatively permanent capital of the issuer or selling securityholder) and the materiality of the shareholding to the issuer or selling securityholder or to the preference shareholder.
- (4) Most relationships of concern are likely to arise through debtor/creditor relationships or cross-ownership. However, in some circumstances there may be other relationships between the issuer or selling securityholder and the underwriter that raise concerns. These other business relationships would have to be material to the issuer, selling securityholder, underwriter or one or more of their related entities and give rise to some special interest in the continued viability of the other entity or the success of the distribution over and above that of other entities with a similar relationship with that company. The following relationships, among others, could be material in this context.
 - (a) A relationship in which an issuer was a joint venture partner with a person that owed money to a related party of a registrant could raise conflict issues. In circumstances in which the joint venture party needed funds to be able to satisfy its obligations to the related party of the registrant, and those funds would be provided by the issuer following a distribution, there is the possibility that the registrant might be motivated in an underwriting for the issuer by interests other than those of an independent underwriter.
 - (b) A relationship in which an issuer's supplier was a related party of a registrant could also raise conflict issues, particularly if the financial condition of the issuer could put the supply arrangements in jeopardy. The registrant could be motivated to act inappropriately in raising equity for the issuer.
 - (c) Franchise relationships could also raise conflict issues. An issuer that is a franchisor might need to raise funds to support its franchisees or to keep the entire franchise arrangement in place. If the registrant was a related party of creditors of the franchisees that were dependent upon a successful offering to raise such funds, the independence of the registrant might be compromised.

PART 5 CONTROL MEASURES

- 5.1 **Control Measures** – The CSA encourage registrants to adopt written internal control measures to ensure that, in connection with the distribution of securities of a "related issuer" or a "connected issuer", they deal with the issuer as an independent party, as if acting at arm's length. Although this recommendation is not

intended to be prescriptive, registrants should note that they may be asked, in the normal course of inspections, whether such control measures have been adopted and a copy thereof may be requested in the course of such inspections.

PART 6 APPENDICES

- 6.1 **Appendices** - To illustrate the analysis required to be made in determining the application of the Instrument to a distribution, Appendices A-1, A-2, A-3 and A-4 have been included in this Policy. Appendices A-1 and A-2 assist in determining whether parties are related issuers. Appendix A-3 assists in determining whether parties are connected issuers to registrants. Appendix A-4 provides a general analysis of whether, or how, the Instrument applies to a given distribution.

Debt retirement charge

2. (1) The debt retirement charge payable by a user for a period commencing on or after the day subsection 26 (1) of the Act comes into force is the amount calculated by multiplying the prescribed rate, as determined under subsection (2) for the location at which the electricity is consumed, by the number of kilowatt hours of electricity consumed at that location during the period, as determined,

(a) by a collector or the collector's agent;

(b) by the user, if the user is a self-generating user; or

(c) by the user, if the user is a collector who does not pay the debt retirement charge for the period to another collector.

(2) The prescribed rate for the purposes of subsection 85 (4) of the Act is,

(a) the rate set out in Table 1 opposite the name of the local utility whose service area on October 30, 1998 included the location at which the electricity is consumed;

(b) the rate set out in Table 2 opposite the name of the local utility and the description of the area as of October 30, 1998, if the electricity is consumed at a location in that area; or

(c) 0.7 cents if the electricity is consumed at a location that is not within an area referred to in clause (a) or (b).

(3) The amount of a debt retirement charge calculated under this section must be rounded to the nearest whole cent and if the amount ends in a half cent, the amount must be rounded up to the next whole cent.

Exemptions

3. (1) The following users are exempt from the requirement to pay debt retirement charges in respect of electricity consumed in the following manner:

1. An Indian or band, as defined in the *Indian Act* (Canada), in respect of electricity consumed by the Indian or the band on a reserve.

2. A foreign state, international organization or individual that is exempt from tax under subsection 7 (5) of the *Retail Sales Tax Act*, in respect of electricity consumed by the foreign state, international organization or individual.

3. A transmitter or distributor, in respect of electricity lost or unaccounted for in transmitting or distributing electricity.

4. A self-generating user and a person who consumes electricity at the expense of the self-generating user, in respect of exempt self-generated electricity generated by the self-generating user.

5. A person, in respect of electricity the person consumes that is generated by a self-generating user and supplied to the person at the expense of the self-generating user.

(2) Despite subsection (1), an entity mentioned in paragraph 1 or 2 of that subsection is required to pay to a collector the amount of the debt retirement charge that would otherwise be payable under subsection 85 (4) of the Act for a period, unless the entity claiming the exemption submits to the collector to whom the entity is required to pay the debt retirement charge,

(a) a valid certificate of Indian status issued by the Government of Canada, that identifies him or her as an Indian;

(b) a valid identity card issued by the Government of Canada that identifies him or her as an individual described in subsection 7 (5) of the *Retail Sales Tax Act*, in the case of an individual referred to in paragraph 2 of subsection (1); or

(c) an exemption certificate, in any other case.

Exemption, station service

4. A generator who is a self-generating user but generates electricity primarily for sale to another user directly or through the IMO-administered markets is exempt from the requirement to pay a debt retirement charge in respect of the number of kilowatt hours of electricity,

(a) that is not conveyed through the IMO-controlled grid; and

(b) that is consumed directly in the generation of electricity at the generation facility at which it is generated.

Annual exemption, self-generating users

5. (1) A self-generating user is exempt from the requirement to pay a debt retirement charge for a calendar year in respect of the number of kilowatt hours of electricity that is the lesser of,

- (a) the number of kilowatt hours of electricity in its exemption account at the end of the year; and
- (b) the number of kilowatt hours of self-generated electricity consumed in the year by the self-generating user or by another person at the expense of the self-generating user, other than self-generated electricity consumed in a location for which the prescribed rate of the debt retirement charge is zero.

(2) Despite subsection (1), a self-generating user is not entitled to an exemption under this section for a year unless,

- (a) the self-generating user,
 - (i) owned and operated generating units or facilities on October 30, 1998 and consumed self-generated electricity generated by those generating units or facilities at any time after December 31, 1988 and before October 31, 1998, or
 - (ii) acquired before the end of the year part or all of an exemption account from a self-generating user who was entitled to it; and
- (b) the self-generating user is not entitled to claim an exemption for the year under section 4.

(3) Except as provided in subsection (4), the number of kilowatt hours of electricity in a self-generating user's exemption account at the end of a year is the number of kilowatt hours, if any, determined using the formula,

$$A + B - C$$

in which,

"A" is the average number of kilowatt hours per year of self-generated electricity consumed by the self-generating user,

(a) that was generated by generating units or facilities that were owned or operated by the self-generating user on October 30, 1998, and

(b) that was consumed during,

(i) any five calendar years in the period commencing on January 1, 1989 and ending on December 31, 1998, if the self-generating user consumed self-generated electricity during five or more calendar years in that period, or

(ii) during the period commencing on January 1, 1989 and ending on December 31, 1998, if the self-generating user consumed self-generated electricity during fewer than five calendar years in that period,

"B" is the number of kilowatt hours of electricity from the exemption account of another self-generating user that has been transferred in accordance with this Regulation to the self-generating user during the year or during a prior year, and

"C" is the number of kilowatt hours of electricity that has been transferred from the self-generating user's exemption account in accordance with this Regulation to another self-generating user during the year or during a prior year.

(4) For the year in which subsection 26 (1) of the Act comes into force, the number of kilowatt hours determined as "A" in subsection (3) must be reduced to the amount determined by multiplying the number of days in the year on which subsection 26 (1) of the Act is in force by the quotient determined by dividing the number of kilowatt

hours that would otherwise be determined under subsection (3) as "A" by 365.

Determining the amount of electricity

6. (1) For the purposes of sections 2 and 3, the amount of electricity consumed in a period by a user that is not self-generated electricity is determined in accordance with the Board's *Retail Settlement Code* without any adjustment for total losses, as defined in that Code.

(2) Despite subsection (1), the amount of electricity consumed in a period by a user in respect of whom the IMO is the collector is the amount of electricity withdrawn during the period by the user from the IMO-controlled grid, as determined under the market rules.

(3) Upon the written request of the user or the Minister, the person making a determination in a manner described in subsection (1) or (2) shall provide to the user or the Minister, as the case may be, a written explanation of the basis on which the determination was made and details of the calculations used in the determination.

(4) For the purposes of sections 2 and 5, the amount of self-generated electricity consumed by a self-generating user in a period is calculated using the formula,

$$D - E - F$$

in which,

"D" is the total amount of electricity the self-generating user generated in the period,

"E" is the total amount of electricity the self-generating user generated in the period and sold to another entity, and

"F" is the total amount of exempt self-generated electricity generated in the period and consumed by the self-generating user or by another person at the expense of the self-generating user.

(5) If a self-generating user cannot prove to the satisfaction of the Minister that it sold to another entity electricity that it generated, the self-generating user shall be considered to have consumed the electricity.

Transfer of exemption account of self-generating user

7. (1) A self-generating user may transfer all or part of its exemption account to a person to whom the self-generating user transfers ownership of generating units or facilities if,

(a) the generating units or facilities were owned and operated on October 30, 1998 by a self-generating user who consumed self-generated electricity generated by those generating units or facilities at any time after December 31, 1988 and before October 31, 1998; and

(b) the generating units or facilities were not owned at any time after October 30, 1998 and before the day of the transfer by any owner who was not a self-generating user.

(2) The maximum amount of the exemption account that may be transferred under subsection (1) is the amount that is reasonably related to the generating units or facilities transferred.

(3) Despite subsection (1), a transfer of part or all of an exemption account does not take effect unless the following conditions are satisfied:

1. Both the transferor and the transferee are registered under subsection 85.4 (1) of the Act.
2. The transferor and the transferee are not in default in respect of any obligation either of them may have to pay, collect or remit debt retirement charges.
3. The transferor and the transferee have applied for and received the Minister's written consent in respect of the calculation of the amount of the exemption to be transferred and any alloca-

tion of that amount between the transferor and the transferee for the year in which the transfer occurs.

(4) The effective date of a transfer of part or all of an exemption account is the date specified by the Minister in the consent referred to in paragraph 3 of subsection (3).

(2) Except as permitted by the Minister, every collector shall measure its own consumption of electricity after the day subsection 26 (1) of the Act comes into force by means of a meter described in subsection (1).

(3) Subsection (2) does not apply to electricity in respect of which the collector pays an amount as a debt retirement charge to another collector.

PART VI RETURNS, REMITTANCES AND RECORDS

Returns and remittances

12. (1) On or before the 18th day of each month, commencing with the month after the month in which subsection 26 (1) of the Act comes into force, every collector other than the IMO shall,

1. Every six months in the calendar year, by delivering the return and remitting and paying the debt retirement charges for each six-month period on or before the 18th day of the month following the end of the six-month period, if the Minister is satisfied that the total of all debt retirement charges required to be remitted or paid by the collector or self-generating user for the calendar year is not reasonably likely to exceed \$6,000.
2. Every three months in the calendar year, by delivering the return and remitting and paying the debt retirement charges for each three-month period on or before the 18th day of the month following the end of the three-month period, if the Minister is satisfied that the total of all debt retirement charges required to be remitted or paid by the collector or self-generating user for the calendar year is reasonably likely to exceed \$6,000, but is not reasonably likely to exceed \$12,000.

Location and form of records

15. (1) Every collector and self-generating user shall keep its records at its principal place of business in Ontario in sufficient form and containing sufficient information in order that the Minister may determine the amounts of debt retirement charges that were required to be collected and that were collected, payable, paid or remitted.

- (e) written notice has not been given by the Minister requiring the retention of the records.

PART VII REFUNDS

Refunds by collector

17. (1) A collector may make a refund to an entity if the following conditions are satisfied:

1. If the entity was not required to pay a debt retirement charge in respect of the consumption of electricity by reason of an exemption in a regulation made under clause 86 (1) (f) of the Act, the collector may pay a refund to the entity upon receipt of the documentation that the entity is required by that regulation to provide in order to prove that the entity is exempt from the requirement to pay a debt retirement charge.
2. If an entity provides an exemption certificate to the collector that is effective for a period in respect of which the entity paid a debt retirement charge to the collector, the collector may refund the debt retirement charge.
3. If a refund is payable to an entity for any reason other than an exemption described in paragraph 1 or 2, the collector may allow the refund if the collector is satisfied that the entity made an overpayment of a debt retirement charge that was caused by a clerical error, by an arithmetic error in calculating the amount of the required payment, by an inaccurate measurement or estimate of electricity consumed or by the use of an incorrect rate of debt retirement charge.

(2) No entity shall make more than one application to a collector for a refund of the same overpayment of a debt retirement charge.

Refund in respect of uncollectible accounts

18. (1) The Financial Corporation may refund a debt retirement charge to a collector if,

- (a) the collector has remitted the debt retirement charge to the Financial Corporation;
- (b) the collector shows to the satisfaction of the Minister that the debt retirement charge was payable by a user in respect of electricity consumed by the user and the user has defaulted in the payment to the collector of all or part of the amount payable to the collector in respect of the electricity;
- (c) the collector has written off as a bad debt in its books of account the unpaid amount owing to the collector in respect of the electricity; and
- (d) at the time of the write-off of the unpaid amount as a bad debt, the write-off was in accordance with generally accepted accounting principles, as recommended by the Accounting Standards Board of the Canadian Institute of Chartered Accountants and as set out in the CICA Handbook.

(2) Despite subsection (1), no refund shall be made to a collector under this section in respect of an unpaid amount if,

- (a) the collector fails to claim the refund within four years from the end of the collector's fiscal year in which it wrote off the unpaid amount as a bad debt;
- (b) the collector and the user were not dealing at arm's length at the time the user consumed the electricity or at the time the collector wrote off the unpaid amount as a bad debt;
- (c) the collector is entitled to offset the unpaid amount against an amount payable by the collector to the user;
- (d) the collector has assigned, without recourse and for consideration, other than for security purposes, part or all of the unpaid amount, whether or not the assignee and the collector are related persons for the purposes of the *Income Tax Act* (Canada); or
- (e) the payment for the electricity was made through the use of a credit card that was not issued by the collector or a corporation that is associated with the collector within the meaning of section 256 of the *Income Tax Act* (Canada).

(3) In this section, a collector shall not be considered to deal with a user at arm's length if the collector and user would not be considered to deal with each other at arm's length for the purposes of the *Income Tax Act* (Canada).

(4) The amount of a debt retirement charge that may be refunded to a collector under this section in respect of an unpaid amount shall be calculated using the formula,

$$A \times B/C$$

in which,

"A" is the amount of the debt retirement charge remitted by the collector with respect to the electricity consumed by the user,

"B" is the amount by which the unpaid amount in respect of the electricity exceeds the sum of all interest, finance, carrying, collection or similar charges imposed by the collector with respect to the electricity consumed by the user and all amounts received by the collector on the realization of any security given to secure the unpaid amount, and

"C" is the total amount that was payable by the user in respect of the electricity, including the amount of the debt retirement charge, but excluding the amount of goods and services tax imposed by the Government of Canada.

(5) The following rules apply for the purposes of claiming a refund under this section:

- 1. The collector may claim only one refund under this section of the debt retirement charge relating to an amount of electricity consumed by a user.
- 2. The collector shall claim the refund by deducting the amount of the refund from the amount of debt retirement charges the collector is required to remit to the Financial Corporation.
- 3. The collector shall make only one deduction described in paragraph 2 during any 12-month period for all claims for refund under this section, unless the collector has obtained the prior written consent of the Minister to make more than one deduction.
- 4. The collector shall retain in its records sufficient information and documentation to permit confirmation to the satisfaction of the Minister of the correct amount of the refund.
- 5. If payment for the electricity was made through the use of a credit card issued by the collector or by a corporation referred

to in clause (2) (e), but the electricity was not supplied by the collector or the corporation,

- i. no part of the amount paid through the credit card shall be included in the unpaid amount specified as "B" under subsection (4), and
- ii. any payments made on the credit card account shall be applied to the earliest indebtedness before determining the unpaid amount specified as "B" under subsection (4).

(6) If a collector subsequently recovers from any entity or through any means, other than a refund under this section, any of the unpaid amount in respect of which the refund was claimed, the collector shall repay to the Financial Corporation, by way of adjustment to the amount of debt retirement charges the collector is required to remit, the same percentage of any refund made under this section in respect of the unpaid amount that the amount recovered is of the amount designated as "B" in the formula in subsection (4) in respect of the unpaid amount.

- 4. The prescribed rate of interest to be paid or allowed to an entity under the Act in respect of a particular day shall be an annual interest rate that is two percentage points lower than the base rate of interest in effect for that day.
- 5. For an overpayment that results from a decision of the Minister or a court on an objection to, or an appeal from, an assessment or a statement of disallowance, the prescribed rate of interest to be paid or allowed in respect of a particular day is the base rate of interest in effect for that day.

(2) In this section,

"adjustment date" means January 1, April 1, July 1 or October 1;

"average prime rate", on a particular date, means the mean, rounded to the nearest whole percentage point, of the annual rates of interest announced by each of the Royal Bank of Canada, The Bank of

Schedule 1**INDICATORS OF ADVERSE WATER QUALITY**

Each of the following is an indicator of adverse water quality:

1. Water that has not been disinfected is directed to users, if disinfection is used or required. (Corrective action: Stop water use or bring water to a rapid, rolling boil for at least one minute. Restore disinfection immediately. The local Medical Officer of Health may give further instructions and may authorize resumption of normal use of the water.)
2. *Escherichia coli* (*E. coli*) or fecal coliform is detected in any required sample of water that has been treated or is otherwise ready for human consumption. (Corrective action: Stop water use or bring water to a rapid, rolling boil for at least one minute. Increase the chlorine dose and flush the water distribution system and plumbing to ensure a free chlorine residual of at least 0.2 mg/L at all points in the affected part(s) of the distribution system and plumbing. Resample and analyze. Corrective action should begin immediately. The local Medical Officer of Health may give further instructions and may authorize resumption of normal use of the water.)
3. Total coliforms are detected (but *Escherichia coli* or other fecal coliforms are not detected) in any required sample of water that has been treated or is otherwise ready for human consumption. (Corrective action: Normal use of the water may continue. Resample at the same site and analyze. If confirmed to be positive, stop water use or bring water to a rapid, rolling boil for at least one minute, increase the chlorine dose and flush the water distribution system and plumbing to ensure a free chlorine residual of at least 0.2 mg/L at all points in the affected part(s) of the distribution system and plumbing, and call the Medical Officer of Health again and consult. Corrective action should begin immediately. The local Medical Officer of Health may give further instructions and may authorize resumption of normal use of the water.)
4. More than 500 colonies per millilitre are detected on a heterotrophic plate count analysis (but *Escherichia coli* or other fecal coliforms are not detected) in any required sample of water that has been treated or is otherwise ready for human consumption. (Corrective action: Normal use of the water may continue. Resample at the same site and analyze. If confirmed to be positive, stop water use or bring water to a rapid, rolling boil for at least one minute and call the local Medical Officer of Health again and consult. The local Medical Officer of Health may give further instructions and may authorize resumption of normal use of the water.)
5. Sodium concentration exceeds 20 mg/L. The aesthetic objective for sodium in drinking water is 200 mg/L, but the local Medical Officer of Health must be notified when the sodium concentration exceeds 20 mg/L so that this information may be communicated to local physicians for their use with patients on sodium restricted diets. (Corrective action: Normal use of the water may continue. Resample and analyze. On confirmation, call the local Medical Officer of Health again.)
6. A pesticide not listed in Schedule 2 is detected. Drinking water should be free of pesticides and every effort should be made to prevent pesticides from entering raw water sources. Pesticides may be reported by their most common trade name, a listing of which, called the Compendium of Scheduled Pesticides, is accessible on the Internet through the web site of the Ontario Pesticides Advisory Committee at

www.opac.gov.on.ca or the web site of the Ministry of the Environment at www.ene.gov.on.ca. (Corrective action: Normal use of the water may continue. Resample, take a corresponding raw water sample and analyze. On confirmation, call the local Medical Officer of Health again and consult.)

7. If chlorination is used, the concentration of free chlorine residual is less than 0.05 mg/L in any required sample. (Corrective action: Stop water use. Resample and test again. If the free chlorine residual is still less than 0.05 mg/L, increase the chlorine dose and flush the water distribution system and plumbing to ensure the free chlorine residual is at least 0.2 mg/L at all points in the distribution system and plumbing. Resample and test again. If the free chlorine residual is less than 0.05 mg/L, stop water use until otherwise directed by the local Medical Officer of Health. Corrective action should begin immediately.)
8. If filtration is used, the turbidity is more than 1.0 Nephelometric Turbidity Units (NTU) in any required sample. (Corrective action: Normal use of the water may continue. Resample and test again. If the turbidity is still more than 1.0 Nephelometric Turbidity Units (NTU), review the operation of all treatment processes that are installed upstream of filtration to determine the possible impact on filtration and other downstream processes and,
 - (a) backwash the filter in accordance with the manufacturer's recommendations and flush the water distribution system and plumbing; or
 - (b) replace the filter cartridge or filter element and flush the water distribution system and plumbing.)

TABLE DES RÈGLEMENTS

January 1990 - December 2001

janvier 1990 - décembre 2001

TABLE OF REGULATIONS

The Table of Regulations shows the regulations contained in the Revised Regulations of Ontario, 1990 and those made after December 31, 1990 and before January 1, 2002. It also shows the amendments to those regulations.

Most of the listings are in English only. Some regulations have an official French version. Bilingual regulations are indicated by a bilingual title.

Occasionally numerical, typographical or other clerical errors are made in the publication of the text of regulations. Corrections are published in the Schedule of Corrections.

The dates on which regulations were published in *The Ontario Gazette* are set out in the Table of Regulations Publications Dates.

Note: The Table of Regulations, Schedule of Corrections and Table of Regulations Publication Dates are published in print form in *The Ontario Gazette* in January and July and are published on the e-Laws web site (www.e-laws.gov.on.ca) under Reference Tables. The Reference Tables are updated frequently on the web site.

The abbreviation "Rev." means revoked.

The abbreviation "Exp." means expired.

TABLE DES RÈGLEMENTS

La Table des règlements énumère tous les règlements contenus dans les Règlements refondus de l'Ontario de 1990 et ceux pris après le 31 décembre 1990 mais avant le 1^{er} janvier 2002. Elle indique également les modifications apportées à ces règlements.

La plupart des entrées ne figurent qu'en anglais. Quelques règlements ont une version française officielle et leur titre est indiqué dans les deux langues.

À l'occasion, des erreurs d'écritures, notamment d'ordre numérique ou typographique, se glissent dans le texte des règlements qui sont publiés. Des corrections sont publiées dans l'Annexe des corrections.

Les dates auxquelles les règlements ont été publiés dans la *Gazette de l'Ontario* figurent dans la Table des dates de publication des Règlements.

Remarque : la Table des règlements, l'Annexe des corrections et la Table des dates de publication des Règlements sont publiées sous forme imprimée dans la *Gazette de l'Ontario* en janvier et en juillet et sous forme électronique à la page «Tables de référence» du site Web Lois-en-ligne (www.lois-en-ligne.gouv.on.ca). Les tables de référence du site Web sont mises à jour fréquemment.

L'abréviation «Rev.» indique que le règlement est abrogé.

L'abréviation «Exp.» indique que le règlement est périmé.

**PART II
PHASE-IN OF 2001 TAX CHANGES IN RESIDENTIAL/FARM
PROPERTY CLASS**

Definition

3. In this Part,

“eligible property” means property or a portion of property classified in the residential/farm property class.

Phase-in of tax changes

4. (1) The amount of the tax increases and tax decreases from the 2000 taxation year to the 2001 taxation year on all eligible property in territory described in section 1 is subject to phase-in in accordance with this section.

(2) If the total amount of taxes for school purposes for 2001 for an eligible property before the application of the phase-in exceeds the total amount of taxes for school purposes for 2000 for the property, the maximum amount of the tax increase to be phased in is the amount of the difference.

(3) If the total amount of taxes for school purposes for 2000 for an eligible property exceeds the total amount of taxes for school purposes for 2001 for the property, before the application of the phase-in, the maximum amount of the tax decrease to be phased in is the amount of the difference.

(4) For the purposes of this section, the total amount of taxes for school purposes for 2000 for an eligible property is the amount determined under the following rules:

1. If paragraphs 2 and 3 do not apply, the amount of the taxes for school purposes for 2000 for the property is the amount of taxes levied on the property for 2000.
2. If a supplementary assessment or change in classification was made under section 34 of the *Assessment Act* during 2000, or if an assessment or change in classification could have been made under section 34 of that Act and the appropriate change is made to the assessment roll for taxation in 2001, the amount of the taxes for school purposes for 2000 for the property is the amount that would have been determined for 2000 if the increase in the assessment or change in classification, as the case may be, had applied to the property for 2000.
3. If any taxes for school purposes for 2000 for the property are cancelled, reduced or refunded under section 442 of the *Municipal Act* on an application under clause 442 (1) (a), (a.1), (c) or (f) of that Act or under section 443 of that Act, recalculate the amount of taxes determined under paragraph 1 as if the event that caused the cancellation, reduction or refund had occurred on January 1, 2000.

(5) The following rules apply to the phase-in of a tax increase described in subsection (2):

1. The tax increase is subtracted from the amount of taxes for 2001 that would be determined before the application of this section.
2. The amount of the increase to be included in the taxes for 2001, as determined under paragraph 3, is added to the amount determined under paragraph 1, to determine the amount of taxes payable for 2001.
3. The amount of the increase to be included in the taxes for 2001 is the greater of,
 - i. 50 per cent of the increase, and
 - ii. the lesser of \$30 and the amount necessary to fully phase in the increase.

(6) The following rules apply to the phase-in of a tax decrease described in subsection (3):

1. The tax decrease is added to the amount of taxes for 2001 that would be determined before the application of this section.
2. Subject to paragraph 3, the amount of the decrease to be phased in for 2001 is the greater of the threshold determined under paragraph 4 and 50 per cent of the amount of the decrease.
3. The amount of the decrease phased in for 2001 must not exceed the amount necessary to fully phase in the decrease.
4. The threshold referred to in paragraph 2 is the amount that would be determined in order that the total of the decreases phased in for 2001 for eligible property in the same locality equals the total of the increases phased in for 2001 for all eligible property in the same locality.

Communication

5. (1) A notice of demand for taxes payable in respect of which there is a phase-in under section 4 must indicate the amount of taxes that would have been payable without the phase-in, the amount of taxes that are payable and the amount of the difference.

(2) The secretary of the levying board shall maintain a list of the 2001 tax increases and decreases for the eligible properties in the area served by the board.

PART III TAX DEFERRALS FOR LOW-INCOME SENIORS AND PERSONS WITH DISABILITIES — RESIDENTIAL/FARM PROPERTY CLASS

- (f) a written application for the deferral, together with sufficient documentation to establish entitlement to the deferral, is given to the secretary of the levying board,

(4) For every year after 2001, the amount of the tax deferral is the amount of the tax increase from the previous taxation year.

(5) Despite subsections (3) and (4), the amount of the tax deferral for a taxation year shall not exceed the amount by which 75 per cent of the assessed value of the property exceeds the sum of,

(b) upon the transfer of the property; or

(c) on July 1 of the first year for which the owner is not entitled to a deferral of taxes, subject to subsections (8) and (9).

(a) the spouse or same-sex partner is alive;

(b) the property is the spouse's or same-sex partner's principal residence; and

(c) the property is not transferred, other than to the spouse or same-sex partner.

(8) If the owner's spouse or same-sex partner dies and, but for the spouse's or same-sex partner's death, the owner would be entitled to a deferral of taxes if an application was made in accordance with clause (1) (f), the amounts that are deferred are not due as long as,

(a) the owner is alive;

(b) the property is the owner's principal residence; and

(c) the property is not transferred.

(9) If the owner would have been entitled to a deferral of taxes in the taxation year if an application had been made in accordance with clause (1) (f), but an application was not made, the amounts already deferred are not due if the owner gives to the secretary of the levying board by July 1 of the taxation year:

1. A written application to continue the deferral of the amounts already deferred.

2. Sufficient documentation to establish entitlement to a deferral of taxes in the taxation year.

Determination of taxes

20. Except as provided in this Part, the taxes for school purposes for a year for a property to which this Part applies are determined in accordance with subsection 362 (1) of the *Municipal Act* and Division B of Part IX of the Act.

Determination of maximum taxes, 2001

21. (1) Except as otherwise provided in this section and section 22, the amount of the taxes for school purposes for 2001 for a property is the amount calculated as follows:

1. Determine the amount of the taxes for school purposes for 2000 for the property under subsection (2).
2. Add five per cent of the amount determined under paragraph 1.

(2) The amount of the taxes for school purposes for 2000 for a property is determined as follows:

1. Determine the amount of the taxes for school purposes that were levied on the property for 2000.
2. If, in respect of the property, the 1999 assessment roll for taxation in 2000 included an amount in the sub-class for vacant units and excess land prescribed under the *Assessment Act*, recalculate the taxes determined under paragraph 1 as if the property did not contain any vacant units.
3. If a supplementary assessment or change in classification is made under section 34 of the *Assessment Act* during 2000 or if an assessment or change in classification could have been made under section 34 of that Act and the appropriate change is made on the assessment roll for taxation in 2001, recalculate the taxes determined under paragraph 1 as if the increase in the assessment or change in classification, as the case may be, had applied to the property for all of 2000.
4. If the assessment of a property whose classification is in the sub-class for vacant land on the assessment roll for taxation in 2001 increases as a result of an improvement to that property during 2000 and if no portion of any building on the property begins to be used for any purpose during 2000, recalculate the taxes determined under paragraph 1 as if the increase in the assessment had applied to the property for all of 2000.

5. If any taxes for school purposes for 2000 are cancelled, reduced or refunded under section 442 of the *Municipal Act* on an application under clause 442 (1) (a), (a.1), (c) or (f) of that Act or under section 443 of that Act, recalculate the taxes determined under paragraph 1 as if the event that caused the cancellation, reduction or refund had occurred on January 1, 2000.

(3) If, as a result of a request under section 39.1 of the *Assessment Act*, a complaint under section 40 of that Act, an application under section 46 of that Act, an application under section 447.26 of the *Municipal Act* or a determination under section 447.26.1 of that Act, the taxes for school purposes for a property for 2000 are recalculated, the amount under paragraph 1 of subsection (2) must be adjusted accordingly.

(4) If, as a result of an assessment under subsection 32 (2) or section 33 of the *Assessment Act*, the total taxes for school purposes for a property for 2000 are altered, the amount under paragraph 1 of subsection (2) must be adjusted accordingly.

(5) If the levying board cancels, reduces or refunds taxes for 2001, on an application made under clause 442 (1) (c) of the *Municipal Act* or under another provision of that Act prescribed by the Minister of Finance under subsection 447.65 (6.2) of that Act, the amount of the cancellation, reduction or refund is calculated using the formula,

$$A/B \times C$$

in which,

“A” is the amount of the cancellation, reduction or refund of taxes for the year, but for the application of this Part,

“B” is the amount of taxes for the year (without deducting the amount of the cancellation, reduction or refund of taxes) that would have been payable but for the application of this Part, and

“C” is the amount of taxes for the year that would be payable under this Part if no application were made.

(6) If an additional assessment is made in respect of property, other than a property described under subsection 22 (2), that increases the assessment of the property for 2001,

- (a) subsection (1) does not apply to the additional taxes for school purposes for the year attributable to the increase in the assessment; and
- (b) the amount of the additional taxes for school purposes is determined using the formula,

$$T = CT/NT \times CVAT$$

in which,

“T” is the amount of additional taxes for school purposes,

“CT” is the amount determined under subsection (1),

“NT” is the amount of the uncapped 2001 taxes, but does not include the amount of “CVAT”, and

“CVAT” is the amount of supplementary taxes for school purposes that would have been payable but for the application of this subsection.

(7) Despite subsection (6), the 2001 taxes for school purposes for the property for the year or portion of the year in respect of which one of the following assessments is made must be recalculated on the basis that this Part does not apply:

1. An additional assessment that relates to a new building or structure erected on the property that was, prior to the assessment, assessed for 2001 as being in the sub-class for vacant

land under paragraph 2 of subsection 8 (1) of the *Assessment Act*.

2. An additional assessment for 2001 or for 2000 and 2001 or any portion of those years, that resulted in the assessment of the property increasing by an amount equal to or greater than 50 per cent of the assessment on the assessment roll before the additional assessment was made.

(8) Despite subsection (7), if an additional assessment is made for the 2000 taxation year in relation to an improvement and, in relation to the same improvement, an additional assessment is made for the 2001 taxation year under section 34 of the *Assessment Act*, subsection (7) does not apply with respect to the additional assessment for the 2001 taxation year.

(9) Despite paragraph 2 of subsection (7), if an additional assessment is made for 2000 and for 2001, the percentage referred to in that paragraph is the percentage determined as follows:

1. Determine the additional assessment for 2000.
2. Determine the assessment on the assessment roll for taxation in 2000 before the additional assessment referred to in paragraph 1 was made.
3. Divide the amount in paragraph 1 by the amount in paragraph 2.
4. Multiply the quotient in paragraph 3 by 100.
5. Add the amounts in paragraphs 1 and 2.
6. Divide the amount in paragraph 2 by the amount in paragraph 5.
7. Multiply the quotient determined in paragraph 6 by the assessment on the assessment roll for taxation in 2001.
8. Determine the additional assessment for 2001.
9. Divide the amount in paragraph 8 by the amount in paragraph 7.
10. Multiply the quotient in paragraph 9 by 100.
11. Add the percentages in paragraphs 4 and 10.

(10) If the percentage in paragraph 11 of subsection (9) is equal to or greater than 50, subsection (7) applies for 2001.

Provision for recoveries

22. (1) Subject to subsection (4), the levying board shall establish the percentage to limit the tax decreases in 2001 in respect to properties in any property class subject to this Part, to provide for recovery of all or part of the revenues foregone as a result of the application of section 21 to other properties in the property class.

(2) The limit of tax decreases in subsection (1) applies to all properties in the property class whose taxes for school purposes for 2000, as determined under subsection 21 (2), exceed their taxes for school purposes for 2001.

(3) The amount recovered within each property class, within each school locality must be sufficient, but must not exceed the amount necessary to provide for the revenues foregone as a result of the application of section 21 to properties in the property class.

(4) The percentage established under subsection (1) is limited as follows:

1. Calculate the total revenues foregone as a result of the application of subsection 21 to properties in the property class.
2. Calculate the total difference between the taxes for school purposes for all properties in the property class referred to in

subsection (2) for 2000, as determined under subsection 21 (2), and the taxes for school purposes for those properties for 2001.

3. Calculate the percentage of the amount determined under paragraph 2 that would yield sufficient revenues to recover all of the foregone revenues calculated under paragraph 1.

4. The percentage established under paragraph 3 must not exceed 100 per cent.

(5) The taxes for school purposes for 2001 on a property to which this section applies are determined as follows:

1. Determine the taxes for school purposes for the property for 2000 under subsection 21 (2).
2. Determine the amount of the difference between the taxes for school purposes for the property for 2000, as determined under paragraph 1 and the uncapped 2001 taxes for school purposes for the property.
3. Multiply the percentage established under this section for the property class the property is in, by the amount determined under paragraph 2.
4. The taxes for school purposes for 2001 are equal to the uncapped 2001 taxes for the property plus the amount determined under paragraph 3.

(6) If an additional assessment is made to a property subject to this section that increases the assessment of that property for 2001, subsection (5) does not apply to the additional taxes for school purposes for the year attributable to the additional assessment.

Determination of maximum taxes after 2001

23. (1) Except as otherwise provided in this section and section 24, the amount of the taxes for school purposes for a taxation year after 2001 for a property is the amount calculated as follows:

1. Determine the amount of the taxes for school purposes for the previous year for the property under subsection (2).
2. Add five per cent of the amount determined under paragraph 1.

(2) The taxes for the previous year for a property are determined as follows:

1. Determine the taxes for school purposes that were levied on the property for the year.
2. If a supplementary assessment or change in classification is made under section 34 of the *Assessment Act* during the year or if an assessment or change in classification could have been made under section 34 of that Act and the appropriate change is made on the assessment roll for taxation in the taxation year, recalculate the taxes determined under paragraph 1 as if the increase in the assessment or change in classification, as the case may be, had applied to the property for all of the year.
3. If the assessment of a property whose classification is in the sub-class for vacant land on the assessment roll for taxation in the taxation year increases as a result of an improvement to that property during the year and if no portion of any building on the property begins to be used for any purpose during the year, recalculate the taxes determined under paragraph 1 as if the increase in the assessment had applied to the property for all of the year.
4. If any taxes for school purposes for the year are cancelled, reduced or refunded under section 442 of the *Municipal Act* for the year on an application under clause 442 (1) (a), (a.1), (c) or (f) of that Act or under section 443 of that Act for the year, recalculate the taxes determined under paragraph 1 as if the event that caused the cancellation, reduction or refund had occurred on January 1 of the year.

(3) If, as a result of a request under section 39.1 of the *Assessment Act*, a complaint under section 40 of that Act, an application under section 46 of that Act, an application under section 447.26 of that Act, or a determination under section 447.26.1 of that Act, the taxes for school purposes for a property for the previous year are recalculated, the amount under paragraph 1 of subsection (2) must be adjusted accordingly.

(4) If, as a result of an assessment under subsection 32 (2) of the *Assessment Act* or section 33 of the *Assessment Act*, the total taxes for school purposes for a property for the previous year are altered, the amount under paragraph 1 of subsection (2) must be adjusted accordingly.

(5) If the levying board cancels, reduces or refunds taxes for school purposes for the taxation year, on an application made under clause 442 (1) (c) of the *Municipal Act* or under another provision of that Act prescribed by the Minister of Finance under subsection 447.65 (6.2) of that Act, the amount of the cancellation, reduction or refund is calculated using the formula,

$$A/B \times C$$

in which,

“A” is the amount of the cancellation, reduction or refund of taxes for the year, but for the application of this Part,

“B” is the amount of taxes for the year (without deducting the amount of the cancellation, reduction or refund of taxes) that would have been payable but for the application of this Part, and

“C” is the amount of taxes for the year that would be payable under this Part if no application were made.

(6) If an additional assessment is made in respect of property, other than property described in subsection 24 (2), that increases the assessment of the property in the taxation year,

(a) subsection (1) does not apply to the additional taxes for school purposes attributable to the increase in the assessment; and

(b) the amount of the additional taxes for school purposes is calculated using the formula,

$$T = CT/NT \times CVAT$$

in which,

“T” is the amount of the additional taxes for school purposes,

“CT” is the amount determined under subsection (1), and

“NT” is the amount of the uncapped taxes for the year, but does not include the amount of “CVAT”,

“CVAT” is the amount of supplementary taxes for school purposes that would have been payable but for the application of this subsection.

(7) Despite subsection (6), the taxes for school purposes for the property for the taxation year or portion of the year in respect of which one of the following assessments is made must be recalculated on the basis that this Part does not apply:

1. An additional assessment that relates to a new building or structure erected on the property that was, prior to the assessment, assessed for the taxation year as being in the subclass for vacant land under paragraph 2 of subsection 8 (1) of the *Assessment Act*.
2. An additional assessment for the taxation year or for the taxation year and the previous year or any portion of those years, that resulted in the assessment of the property increasing by an amount equal to or greater than 50 per cent of the assessment

on the assessment roll before the additional assessment was made.

(8) Despite paragraph 2 of subsection (7), if an additional assessment is made for the previous year and for the taxation year, the percentage referred to in that paragraph is the percentage determined as follows:

1. Determine the additional assessment for the previous year.
2. Determine the assessment on the assessment roll for taxation in the previous year before the additional assessment referred to in paragraph 1 was made.
3. Divide the amount in paragraph 1 by the amount in paragraph 2.
4. Multiply the quotient in paragraph 3 by 100.
5. Add the amounts in paragraphs 1 and 2.
6. Divide the amount in paragraph 2 by the amount in paragraph 5.
7. Multiply the quotient determined in paragraph 6 by the assessment on the assessment roll for taxation in the taxation year.
8. Determine the additional assessment for taxation year.
9. Divide the amount in paragraph 8 by the amount in paragraph 7.
10. Multiply the quotient in paragraph 9 by 100.
11. Add the percentages in paragraphs 4 and 10.

(9) If the percentage in paragraph 11 of subsection (8) is equal to or greater than 50, subsection (7) applies for the taxation year.

(10) Despite subsection (1) but subject to section 24, if the amount determined under subsection (1) exceeds the uncapped taxes, the taxes for school purposes under this Part are equal to the uncapped taxes.

Provision for recoveries

24. (1) Subject to subsection (4), the levying board shall establish the percentage for limiting tax decreases in respect of properties in any property class subject to this Part for a taxation year, to provide for recovery of all or part of the revenues foregone in a year as a result of the application of section 23 to other properties in the property class.

(2) The limit of tax decreases in subsection (1) applies to all properties in the property class whose taxes for school purposes for the previous year, as determined under subsection 23 (2), exceed their taxes for school purposes for taxation year.

(3) The amount recovered within each class within each school locality must be sufficient, but must not exceed, the amount necessary to provide for the revenue foregone as a result of the application of section 23 to properties in the property class.

(4) The percentage established under subsection (1) is limited as follows:

1. Calculate the total revenues foregone as a result of the application of section 23 to properties in the property class.
2. Calculate the total difference between the taxes for school purposes for all properties in the property class referred to in subsection (2) for the previous year, as determined under subsection 23 (2), and the taxes for school purposes for those properties for the taxation year.
3. Calculate the percentage of the amount determined under paragraph 2 that would yield sufficient revenues to recover all of the foregone revenues calculated under paragraph 1.

4. The percentage established under paragraph 3 must not exceed 100 per cent.

(5) The taxes for school purposes for the taxation year on a property to which this section applies are determined as follows:

1. Determine the taxes for school purposes for the property for the previous year under subsection 23 (2).
2. Determine the amount of the difference between the taxes for school purposes for the property for the previous year, as determined under paragraph 1 and the uncapped taxes for school purposes for the property for the taxation year.
3. Multiply the percentage established under this section for the property class the property is in, by the amount determined under paragraph 2.
4. The taxes for school purposes for the taxation year are equal to the uncapped taxes for the taxation year plus the amount determined under paragraph 3.

(6) If an additional assessment is made to a property that is subject to this section that increases the assessment of that property for the taxation year, subsection (5) does not apply to the additional taxes for school purposes for the year attributable to the additional assessment.

Tenants of leased properties

25. (1) This section applies with respect to a tenant of leased premises that form all or part of a property if,

- (a) Part XXII.2 of the *Municipal Act*, as it applies under section 10 of Ontario Regulation 509/98, applied to the leased property and this Part applies to the leased premises; and
- (b) the tenant's tenancy commenced on or before December 31, 1997 and has been continuous since that date.

(2) This section does not apply if the leased premises are classified in the multi-residential property class.

(3) This section applies with respect to a tenant described in subsection (1) even if the tenant enters into a new lease for the leased premises after December 31, 1997.

(4) No tenant referred to in subsection (1) is required under any lease, despite any provision in the lease, to pay an amount on account of taxes levied for school purposes for the 2001 or a subsequent taxation year that is greater than the tenant's cap for the taxation year as determined under subsection (5).

(5) The tenant's cap referred to in subsection (4) for a taxation year is determined as follows:

1. Determine the amount the tenant was required to pay on account of taxes for school purposes for the previous year.
2. Calculate 5 per cent of the amount determined under paragraph 1.
3. Add the amounts determined under paragraphs 1 and 2.

(6) For the purposes of subsections (4) and (5), an amount the tenant is required to pay under section 444.1 of the *Municipal Act*, as made applicable by section 8, is deemed to be an amount the tenant is required to pay under the lease on account of taxes levied for school purposes.

(7) If this section applies with respect to taxes attributable to part of a year, the tenant's cap determined under subsection (5) for the year must be reduced proportionally.

(8) If the tenant ceases to lease any part of the leased premises, this section does not apply with respect to the taxes attributable to the part of the year after the tenant ceases to lease that part of the leased premises and this section does not apply with respect to taxes for subsequent years.

(9) Subsection (8) applies with respect to all the taxes for the leased premises and not just the taxes attributable to the part of the leased premises the tenant ceases to lease.

(10) This section does not apply with respect to any part of the leased premises that was not a part of the tenant's leased premises on December 31, 1997.

Recouping landlord's shortfall

26. (1) A landlord may require a tenant to pay an amount on account of taxes for school purposes that is more than the tenant would otherwise be required to pay under the tenant's lease to the extent necessary for the landlord to recoup any shortfall, within the meaning of paragraph 3 of subsection 447.71 (7) of the *Municipal Act*, in respect of other leased premises that form part of the property.

(2) Subsection 447.71 (8) of the *Municipal Act* applies, with necessary modifications, with respect to an amount a tenant is required to pay under subsection (1).

(3) This section applies with respect to a tenant only if,

- (a) section 25 does not apply to the tenant; and
- (b) the tenant's lease was entered into before December 18, 1998, the tenant's tenancy has been continuous since that date and Part XXII.2 of the *Municipal Act*, as it applies under section 10 of Ontario Regulation 509/98, applied to the property.

PART VIII

CANCELLATION, REDUCTION OR REFUND OF TAXES

Application for cancellation

27. (1) An application to the levying board for the cancellation, reduction or refund of taxes levied for school purposes in the year in respect of which the application is made may be made by a person who was overcharged by reason of a gross or manifest error that is a clerical error, the transposition of figures, a typographical error or similar type of error in the calculation of taxes under this Part.

(2) Section 442 of the *Municipal Act*, with necessary modifications, applies to an application made under subsection (1).

(7) Subject to the direction of the Minister, the board of governors shall make provisions,

- (a) for the retention of the corporate records of the college and of other appropriate records of the college after its winding-up; and
- (b) for reasonable access by students and former students of the college to their academic records during and after the winding-up of the college.

(8) Nothing in this Regulation detracts from the obligations of the board of governors as an employer, including as the employer under

the *Colleges Collective Bargaining Act* and as the employer under any collective agreements negotiated under that Act.

Appointment of administrator

2. (1) After the board of governors has taken all necessary steps to wind-up the college but before the college is dissolved, the Minister may appoint a person to temporarily administer the business and affairs of the college, subject to such conditions and restrictions as the Minister may impose upon the administrator.

(2) Subject to any conditions or restrictions that the Minister may have imposed, the administrator has all of the powers of the board of governors of the college and may exercise them for the purpose of completing the winding-up of the college.

(3) The board of governors of the college cannot exercise any of its powers, except powers in respect of matters that are explicitly reserved to it through conditions or restrictions imposed by the Minister on the administrator, while the administrator holds office.

(4) The Minister may terminate the appointment of the administrator when the Minister is satisfied that the temporary administration of the business and affairs of the college is no longer necessary.

(5) The administrator shall report to the Minister as required by the Minister and, if any powers in respect of matters are explicitly reserved to the board of governors, to the board of governors on those matters.

(6) The Minister may issue directions to the administrator with regard to any matter within the jurisdiction of the administrator and the administrator shall carry out the directions.

(7) No proceeding shall be commenced against the Crown or the Minister with respect to the appointment of an administrator under this section.

Proceedings against board of governors or administrator

3. (1) No action or other proceeding for damages or otherwise shall be instituted against the board of governors, an individual member of the board of governors or an administrator appointed under section 2 for any act done in good faith in the execution or intended execution of any duty or authority under this Regulation or for any alleged neglect or default in execution in good faith of any such duty or authority.

(2) Subsection (1) does not, by reason of subsections 5 (2) and (4) of the *Proceedings Against the Crown Act*, relieve the Crown of liability in respect of a tort committed by the board of governors, an individual member of the board of governors or an administrator to which the Crown would otherwise be subject and the Crown is liable under that Act for any such tort in the same manner as if subsection (1) had not been enacted.
